Also Consider GLEPOWEER BT1021 BBTG0798001 Battery Compatible with Uniden DECT 6.0 BT1008 BT-1021 BT1016 Cordless... The phone includes caller ID technology to see who is calling you. As many as 50 names can be stored on the caller ID list at a time. There is also a phonebook feature to store the names and phone numbers of people you know. Perhaps the most notable feature is the DECT 6.0 digital technology that enhances audio clarity. Furthermore, it prevents interference with other wireless devices or networks in the environment. Eavesdropping will never be something you'll have to worry about ever again. But what happens if the battery goes dead? It is not as easy to find replacement batteries for cordless landline phones anymore. Most retail stores only sell replacement batteries for cell phones. If you want to find a suitable replacement battery for the Uniden DECT 6.0 cordless phone, you'll have no choice but to shop online for it. Our Best Picks Below are the top 5 best replacement batteries for Uniden DECT 6.0 cordless phones. 1) GEILIENERGY 2.4V 300mAh The GEILIENERGY 2.4V 300mAh Phone Battery Pack comes with four replacement batteries for the Uniden DECT 6.0 Cordless Phone. Each replacement battery is for a different battery model since some phone versions use different size batteries. Even though the connectors themselves might be the same size, the battery packs are of different sizes. For instance, the BT1021 has two AAA cells, and the BT1007 has two AA cells. Make sure you choose the battery that matches the exact size of your particular Uniden DECT 6.0 phone's battery. You can replace original batteries with model numbers BT-1025, BT-1016, BT-1021, and BT-1008. Some of the Uniden DECT 6.0 phone models compatible with the GEILIENERGY replacement batteries are D1361, D1364, D1361BK, D1384, D1364BK, D1384BK, and D1384. The replacement batteries are designed to protect against over-voltage, short circuits, over-currents, and overcharging. The connector wires' length should be enough to accommodate the limited space available inside the battery installation area. 2) New! Genuine Uniden BBTY0651101 The New! Genuine Uniden BBTY0651101 BT-1007 Rechargeable Cordless Telephone Battery is an original equipment manufactured battery. In other words, Uniden made this replacement battery for their series of Uniden DECT 6.0 Cordless Phones. Some of the compatible phone models include DECT1588, DECT1560, DECT1363, DECT1340, DECT1480, DCX150, and EXK290. Uniden improved the design of this replacement battery compared to the original battery that comes with the phone. This design features nickel-metal hydride with 600 mAh capacity and 2.4 DC voltage, which means the battery can last up to 20% longer than the older battery models. When the battery power is finally used up, you can recharge the battery as usual. And don't forget, you'll be getting two Uniden BT-1007 replacement batteries in one package. 3) BAOBIAN BT-1021 BBTG0798001 The BAOBIAN BT-1021 BBTG0798001 Rechargeable Battery is a Ni-MH Replacement Battery with 2.4 voltage, 300mAh capacity, and two AAA battery cells. You will receive two replacement batteries in this pack for Uniden Cordless Phone Models D1364, D1384BK, D1384, D1364BK, D1361BK, and D1361. The BAOBIAN BT-1021 can replace battery models BT-1008, BT-1021, and BT-1016. If you're familiar with the BAOBIAN brand, then you'll know all their products comply with CE, UN38.3, RoHS, and MSDS certifications. The replacement batteries are designed to protect the phone from short-circuiting, over-currents, over-voltage, and overcharging. 4) QBLPOWER BT1021 BBTG0798001 Battery The QBLPOWER BT1021 BBTG0798001 Battery 2-pack includes two rechargeable batteries for the Uniden DECT 6.0 cordless phone. Each rechargeable battery contains two AAA battery cells made of nickel-metal hydride with a capacity of 300mAh and 2.4 DC voltage. The batteries are meant to replace the BT-1021 battery model, but they can also replace the BT-1025, BT-1016, BT-1021, and BT-1008. The QBLPOWER BT-1021 is compatible with many different phone models, including the DECT2085, DECT2080, DECT2060, DECT2180, D3588, D2997, D1780, D1688, D1685, D1680, D1483W, D1660, D1361, D1364, D1364BK, and D1384. Don't forget the BT-1021 is a rechargeable battery, which means you can use it many times with your cordless phone. It includes short-circuit protection, over-charge protection, over-current protection, and over-voltage protection. If you're unsure whether the BT-1021 should replace your phone's rechargeable battery, compare the batteries and connectors' size. Even if the connectors match, the battery sizes might be different. Everything has to be the same size for it to be compatible. 5) GLEPOWEER BT1021 BBTG0798001 Battery The GLEPOWEER BT1021 BBTG0798001 Battery 2-pack includes two rechargeable batteries for the Uniden DECT 6.0 cordless phone. There are other packs available that include three batteries and four batteries. However, you can survive for a long time with just two rechargeable batteries. Each battery of this pack has a capacity of 300mAh and 2.4 DC voltage. They contain two AAA battery cells made of nickel-metal hydride. These are high-capacity battery cells that last 20% longer compared to the original battery cells. The batteries compatible with the GLEPOWEER BT-1021 include BT-1021 (original), BT-1016, BT-1008, and BT-1025. The compatible phone models include D1660, D1361, D1384, D1760, D1688, D1760, D1685, and D1483. Conclusion The replacement process should be self-explanatory. You simply take off the cover from the back of the receiver and unplug the connector of the battery inside the slot. Then you pull out the battery and reverse the process with the replacement battery. Plug the connector of the new battery into the port as you insert the battery into the slot. There should be just enough room for the battery. And because it's digital, you'll enjoy long range and clear sound while deterring eavesdropping. Phonebook Transfer from Cell: Phone via Bluetooth Transfer up to 600 names and numbers from your cell phone to the built-in directory via Bluetooth. Perfect for business people who constant add to their cell phone directory and need a simple way to get them on their office phone directory. Bluetooth Headset: Keep the conversation going and your hands free. Perfect for those times when you're talking, but need to walk around your office or home, open drawers, flip through files or write. Enjoy unprecedented freedom that you can't get from a speakerphone. Silent Mode: Now you can program each handset to ring or not at your discretion. For example, before you go to sleep, set the bedside handset to Silent Mode so that it won't ring for the duration of your slumber. In the meantime, the handset in another room is unaffected, and rings as usual. View Complete Details Interested in this product?
